PRAYER REQUESTS

Missions Teams

Nicaragua is ready for your church! COVID and rising ticket prices made it difficult for US teams to plan trips, but that is no longer the case, and I am praying that God would provide teams and churches who want to join me on the ground in Nicaragua. I have tons of projects and events planned for this year that would greatly benefit from your presence and support!

Visa Process

It just keeps chugging along in my quest to get residency. My application was accepted by immigration, I had my home visit and interview, and now I sit and wait for an answer as to whether or not my residency visa will be granted. Please continue to pray for a positive result!

Ministry Growth

It goes without saying, but I'm going to anyway: Please pray for the success and spiritual impact of AvanceKids! More than anything, my focus is on sharing the Gospel with as many kids as I possibly can and seeing them come to know Jesus. Pray for kids, pray for teachers, and pray for me as we get to work.

MINISTRY UPDATE

—○ Is it cliché to say 2023 is going to be a huge year in Nicaraguan missions? Probably. Is that still true? You bet! 2022 was a year full of learning and watching for me. I came to Nicaragua knowing I had a ton to learn about culture, life, and ministry in a new country before I could launch something new. However, I was also coming to an area without much training or experience in kids ministry, so I am excited to tell you that your support of me is leading to the start of a brand new missions initiative in Central America-AvanceKids!

The mission of AvanceKids is simple: Teach kids to love God, love the Church, and love the Bible. You've probably heard me repeat over and over again that I want to be FOR kids, families, and Nicaragua. I believe the best way we can do that is by discipling young believers to be spiritually mature adults. I am currently working through writing out the ministry guidelines, and the first meeting with local church kids ministry

leaders is taking place this month. The hope is to build a team of Nicaraguan leaders this year who will help me travel throughout the country training pastors and churches in how to effectively reach the children in their community and disciple them.

In addition to AvanceKids, I am also leading multiple projects that you can be a part of including: improving and equipping the children's ministry areas of multiple churches, starting a Kids Camp, a Spanish VBS program, and even a seminar for Nicaraguan worship leaders to grow in their abilities. Would you pray about being a supporter for one of these projects?

One of the most exciting things about this year is the return of many US airlines! Ticket prices are rapidly dropping due to an increase of flights, and I am in desperate need of missions teams to come be a part of all of these projects! Is your church ready? Let's get in touch and plan something today.
